Dear Parents/ Guardians,

Cessation of Canteen Stalls

The COVID-19 pandemic and the Ukraine war have created increasing cost pressures that directly impacted our canteen stallholders. Despite much efforts, they are unable to sustain their businesses.

We regret to inform that both stall 2 (Japanese Cuisines) and stall 4 (Oriental Cuisines) have given notice to cease operations in Term 3. With that, we are now left with one Malay Food stall and one Drinks and Snacks stall.

We have been advertising the vacant stalls but there is no applicant. Thus, we have also explored other mode of operations and is working on engaging a commercial caterer to provide healthy meals to our students and staff at a reasonable price. We are working towards implementing this in term 4 this year and will provide updates progressively.

Meanwhile, we have liaised with the existing stalls to prepare more food variety. We will also monitor the situation to ensure students have sufficient time to queue up to buy and consume their food.

We seek your understanding in this matter.

Mrs Manokara S
Principal
