**Young Mariner's Badge Programme: Visit to the Singapore Maritime Gallery 2025**  
**(Primary 3 to 6 students)**

Dear Parents/Guardians,

The Young Mariner's Badge programme developed in collaboration between the Singapore Scout Association (SSA) and the Maritime and Port Authority of Singapore (MPA). It aims to engage scouts in Singapore's maritime heritage and inspire interest in maritime careers.

Cub scout members are required to visit the Singapore Maritime Gallery as part of the requirements for the Young Mariner's Badge programme.

The gallery is where our maritime past, present and future converge. It aims to provide opportunities for visitors to explore Singapore's rich maritime heritage, discover the vital link between the maritime industry and our daily lives, and witness how Singapore continues to thrive as a global hub port and international maritime centre. Visitors will also hear about new technologies propelling Singapore to world class status, ensure future readiness while keeping a keen eye on our impact on the environment.

The duration of the tour in the gallery is 1 hour and we propose to bring our scout members out during one of the CCA sessions on Tuesdays, so that all members in the CCA can participate in this learning journey.

The proposed CCA session for the tour is Tuesday, 27 May 2025, between 2.30pm and 5.30pm. Your child/ward will still be dismissed at 5.30pm on the day of the visit.

Please note that there is a registration fee of \$5.35 (inclusive of GST) payable to Scout HQ for the badge and the materials provided.

Please indicate your consent by pressing the Yes or No button on the Parents Gateway app.

Thank You.

Yours sincerely,

Seah Tiong Boon  
Scout Teacher in charge  
Cantonment Primary School
