Field Based Learning to S.E.A. Aquarium for P6

Dear Parent/ Guardian,

As part of the school's effort in engaging students through experiential learning, a Science field based learning journey has been organized for P6 students.

The objectives of the learning journey are for students to:

- develop an in-depth understanding of marine biodiversity, the interactions between marine life in underwater habitats and the adaptations of marine animals to their environments.
- recognize the importance of conservation and the part they can play to save the ocean.

The details for the field based learning are:

Date	Time	Assembly time	Things to bring along
23 Oct 2023 (Monday)	9.30 a.m. – 12 p.m.	Report as usual to school	Small bag with • water bottle, snacks (for recess), story book and writing materials

Students are to report to school as usual for the day. The learning journey will take place during the school's curriculum time and transport will be provided to and from the venue. Students will have their recess at S.E.A. Aquarium. Please ensure that they have enough snacks. They are not allowed to purchase any food/items there. Students are also not allowed to bring any electronic devices like mobile phones and cameras. They will return to school at the end of the programme and be dismissed at 1.30 p.m.

Kindly make your own arrangements to fetch your child/ward home from school at the usual dismissal time. If your child/ward needs to take any medication, please remind him/her to bring it along for the trip and inform his/her form teachers.

Please indicate your child / ward's attendance via Parents' Gateway by 28 Sep 2023.

If you need further clarifications, please contact me at lim_wan_jo@moe.edu.sg or DID: 6511 9571

Thank you for your unwavering support and partnership.

Yours sincerely,

Mdm Lim Wan Jo
