

18 October 2025

Ref: 2025-249

Dear Parents/Guardians,

Primary 4 Outdoor Education Trip to the School's Neighbourhood 2025

We are excited to inform you about an upcoming educational adventure for our Primary 4 students – Explore around Cantonment!

The purpose of this neighborhood trip is to provide our students with a balanced education that allows for an enriching and interactive learning experience outside the classroom. Exploring the neighbourhood allows students to connect their classroom learning with the real world, fostering a deeper understanding of their community.

As part of the school's efforts to enhance students' cross-cultural literacy, this trip will give students the opportunity to:

1. Learn fundamental spatial awareness and cognitive skills to navigate around the school's vicinity as well as basic packing strategies.
2. Deepen their understanding of places through active engagement with places and express their connections and experiences through group activities and reflections.
3. Develop their spirit of adventure and resilience throughout the journey.
