Dear Parents/Guardians,

Types on programmes for Mother Tongue Languages in Primary 3 2023

Our school has different types of programmes for Mother Tongue Languages (MTL) in Primary 3 (P3) to better cater to the needs of the different learners. Teachers are able to better customize their teaching to meet the different learning needs of the students. Please refer to the table below for more information:

Programme	Description
P3 Higher Mother Tongue Languages (HMTL)	Higher Mother Tongue Language (HMTL) has been officially offered at P5 and P6 since 1992 for students who showed strong proficiency and interest in Mother Tongue Language (MTL). To further strengthen the learning of MTL from an early age, CPS will be offering HMTL across the 3 official MTLs from P3 onwards starting 2023.
P3 Mother Tongue Support Programme (MTSP)	Mother Tongue Support Programme (MTSP) is a customised programme that will provide more individualised support for your child in learning MTL. It will be offered at Primary 3 and 4 levels to students who require additional support in learning Mother Tongue Languages.

Based on the student's academic records and our assessment of his/her performance, selected students will be offered HMTL or MTSP. A Zoom briefing session will be conducted on **9 November 2022 (Wednesday)** for parents of selected students to learn more about the respective programmes. Please note that the briefing will be conducted in English. Zoom details will be given at a later date.

Should there be any queries, please contact your child's Mother Tongue Language teacher.

Thank you for your understanding and support.

Yours sincerely,

Mrs Tan-Ta Sze Mian
