Young Scientist Badge Scheme for Primary 3 to 6 Students

Dear Parents /Guardians,

We are pleased to announce the launch of the Young Scientist Badge Scheme (YSBS) sponsored by the Ministry of Education (MOE) for all Primary 3 to 6 students. This initiative aims to enrich science learning both inside and outside the classroom.

Through the "I am a Young Scientist" platform (sscglobal.com.sg) or the Student Learning Space (SLS), students can explore various badges related to science. Detailed account information will be provided to students, and they will receive guidance from their science teachers on how to access and utilize these resources effectively.

For more information about the YSBS, please refer to the attached Student Guide prepared by Science Centre Singapore.

Thank you for your support in encouraging your child's interest in science.

Regards,

Mr Bunawar Md Ali
Level Head (Science)
Cantonment Primary School

Ms Caroline Manonmani
HOD (Science)
Cantonment Primary School

CC: Mrs Manokara S 
Principal
