Ref: 2022-013

### **ADVISORY NOTICE**

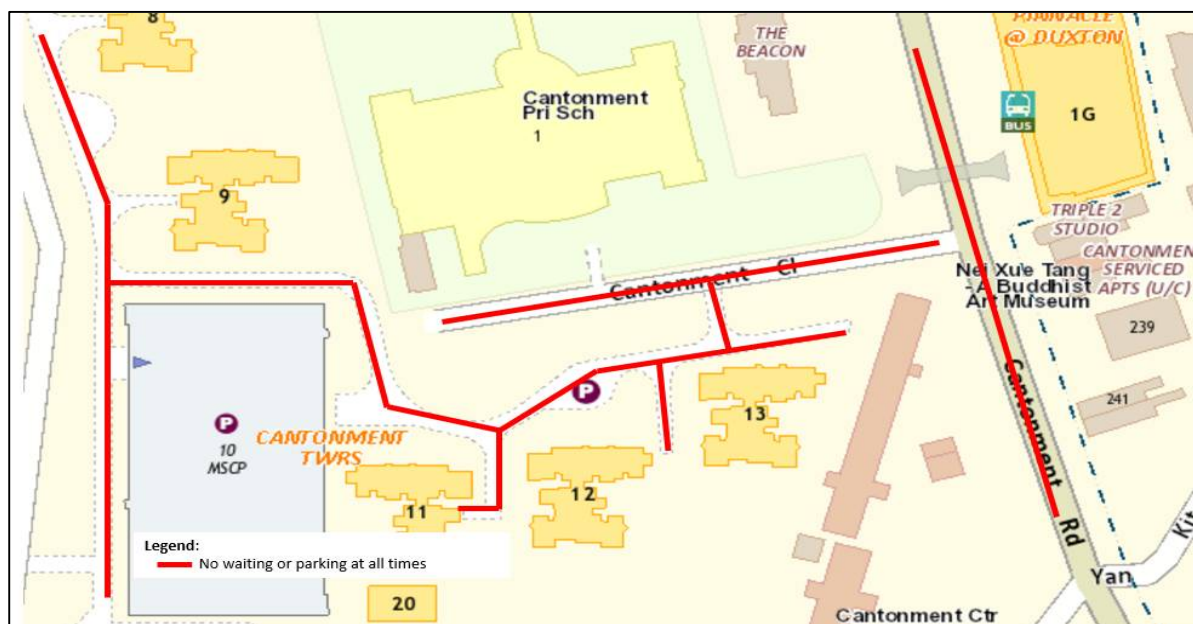

Dear Parents/Guardians

#### **Pick-up/Drop-off Arrangement and Parking Regulations along Cantonment Close in front of the Cantonment Primary School**

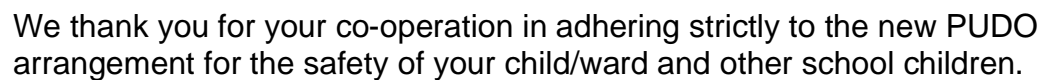

We have received recurring feedback on traffic congestion along Cantonment Close, causing inconvenience to HDB residents staying in the vicinity of the School and other road users, especially during the School arrival and dismissal peak hours.

With effect from **November 2020**, Cantonment Primary School will implement new **pick-up/drop-off (PUDO) arrangement at the vehicular bay along Cantonment Close** as part of the measures to enhance safety of the school children and facilitate smoother traffic flow during the peak hours.

Please note that only **immediate PUDO activities** of your child/ward are allowed at the bay. **We will not allow motorists to park/wait at the bay and along LTA and HDB roads. Strict enforcement actions will be taken against motorists found parking their vehicles indiscriminately along Cantonment Close/Road and the service roads within the nearby HDB precinct**

Should you arrive early, **please park and wait at the nearby HDB Multi-Storey Car Park (MSCP)** before making your way to pick your child/ward.

HDB
