Dear Parents/ Guardians,

RE: Discontinuation of Mathematics and Science Olympiad Enrichment Programmes from 2025

We are writing to inform you of a change in our enrichment offerings. Beginning in 2025, the school will discontinue the Mathematics and Science Olympiad training.

For students who wish to continue participating in these Olympiads, the school will still support competition registration. Additionally, Olympiad enrichment resources will be made available in the school library, and we encourage interested students to use these resources.

Thank you for your support.

Yours sincerely,

Mrs Manokara S.
Principal
Cantonment Primary School
