

1 Nov 2024

Dear Parents / Guardians,

**Placement in Primary 3 Classes in 2025**

The Primary 2 (2024) students will be completing their Primary 2 education soon. You will receive your child's / ward's Report Book, reporting his / her attainment in the Learning Outcomes stipulated by the Ministry of Education, and the Holistic Development Profile showcasing his/her work.

As this cohort moves to Primary 3 in 2025, the school will be regrouping the students into new classes. We believe in educating every child holistically. It is important that the school remains a great place to foster friendship. To this end, class allocation will be based on a set of factors other than the academic achievements of the child.

Selected students who need additional support in learning the English Language will be placed in either the School-based Dyslexia Remediation Programme (SDR) or Reading Remediation Programme (RRP) after school. These two programmes are extensions of the lower primary Learning Support Programme (LSP).

Our school offers different programmes for the learning of official Mother Tongue Languages (MTL) depending on the proficiency and interest of the student in Primary 1 and 2. Higher Mother Tongue Language (HMTL) will be offered to students who show strong proficiency, interest, and meet the selection criteria. Students who require additional support to learn the MTL will take the Mother Tongue Support Programme (MTSP).

The Learning Support for Mathematics (LSM) programme at Primary 3 will support students who require additional support in the learning of Mathematics.

You will be informed if your child is placed in these programmes. We will continue to adopt student-centred pedagogies to support our students' holistic development.

Your child's/ ward's 2025 Primary 3 class will be reflected in the Report Book.

We look forward to your continued partnership in supporting your child / ward to have an enriching and meaningful school experience.

Yours sincerely,

Mrs Manokara S.  
Principal  
Cantonment Primary School
