

# CANTONMENT PRIMARY SCHOOL NEWSLETTER

Semester I

## Principal's Address

**Dear Parents,**

It has been a privilege to be part of the ongoing Cantonment story. Many hands and hearts have come together to make learning meaningful and relevant for our children—truly living out the saying, *“It takes a village to raise a child.”*

### Learning Beyond the Classroom

At Cantonment, we believe learning goes far beyond the four walls of a classroom. Our Primary 1 students recently visited the Singapore Zoo to explore the wonders of rainforest biodiversity, while our Primary 2 pupils brought their English unit, *Life of a Shell*, to life through a visit to the Singapore Science Centre.

These authentic experiences infuse joy into learning and offer valuable hands-on opportunities that help our students internalise their knowledge. Our recent STEM Challenge was a great example—igniting curiosity and encouraging our students to think critically, adaptively, and creatively. It was heartening to see many of them continue their exploration at home, experimenting with boat designs and straw exhausts to improve speed and movement. This challenge naturally nurtured problem-solving, innovation, and collaboration.

## **Partnerships and Collaboration**

Through strategic partnerships and collaborations, we have expanded our students' learning beyond the walls of Cantonment. These partnerships have created meaningful opportunities for our learners to apply their skills and showcase their talents in real-world settings, while developing essential 21st century competencies. Our approach remains firmly anchored in core values like resilience and responsibility, preparing our students to confidently meet tomorrow's challenges.

Highlights of learning beyond Cantonment Primary include:

- A performance by Cantonment Voices at the Choir Exchange in July
- The Guitar Ensemble's appearance at GITARRENFREUDE at Victoria Concert Hall on 6 June
- The Creative Design Club's mural project in collaboration with NEA and artist Della Chen at People's Park Food Centre

- Joint student learning experiences with other schools, such as our Hockey Team's partnership with ACS Junior in the same team at the National School Games and the Primary 5 camp with Hong Wen School

Our most cherished partners are you - our CPS parents. Your steadfast support during events like International Friendship Day, Parents' Day recess booths, STEM challenges, and learning journeys has played a vital role in enriching our students' educational experiences. I would like to express my heartfelt gratitude to all parents who have supported our programmes and added depth and joy to the educational journey of our students,

As we continue writing the Cantonment story together, we remain committed to nurturing our students' 21st-century competencies and preparing them to thrive in an ever-evolving world.

Warm regards,

Ms Grace Foo

Principal

Cantonment Primary School

# **BACK TO SCHOOL ORIENTATION**

Welcome to a brand-new school year at Cantonment Primary School! We are thrilled to begin this exciting journey with our dedicated teachers, enthusiastic students, and supportive families. This year holds special significance as we welcome Ms. Grace Foo as our new principal. With her leadership, we are excited to continue growing and creating an inspiring and inclusive environment for all our students.

To help our youngest learners feel comfortable and confident, our Primary 1 students enjoyed a guided tour of the school. This allowed them to familiarize themselves with their new environment, from their classrooms to the playground and the library. We believe that this early introduction helps them feel more at ease as they embark on their primary school journey.

Our Primary 4 students were assigned to pair up with a Primary 1 each to help them adjust. The Primary 4 buddies showed them around our school and had fun learning about their different backgrounds.

On January 3rd, we welcomed back our Primary 2 to Primary 6 students after their holiday break. To kick off the year, teachers organized a variety of fun and engaging bonding activities. These activities not only helped students reconnect with their friends but also promoted teamwork, communication, and a strong sense of friendship within each class. It was a great way to start the year with enthusiasm and a sense of unity.

As we begin this new school year, we are excited about the opportunities for learning, growth, and achievement that lie ahead. Together, with our students, teachers, and families, we are ready to make this year memorable and successful for everyone!

As we look ahead to the rest of the school year, we are filled with excitement and anticipation. Together, as one community, we will continue to inspire each other, overcome challenges, and celebrate every success along the way. Here's to a year full of learning, friendship, and unforgettable moments. Welcome back, everyone – let's make this an incredible year!

# CHINESE NEW YEAR CELEBRATIONS

'Lunar New Year Celebrations' – one celebration that we will never forget. It is full of joy, good luck and happiness. Everyone describes it as 'fun, joyful and exciting'. To me, it is one of my favourite celebrations.

The students started off the celebrations by dancing to the new Chinese New Year song. Although some students could not dance to the song perfectly, they tried their best to follow the steps, and the dance ended up wonderful. Some students did not want to dance. So, they sang instead.

The students were amused by the performance done by the Wushu CCA members. They showed their talents and did their stunts. Seeing some of their classmates on stage, the students cheered the CCA and gave them a huge round of applause.

The students saw the Lion Dance. They only had one word to say - wonderful. They were cheering really loudly as the Lion Dancers did some stunts. After the school leaders took photos with the Lions, both the Lions walked down the stage. The students touched them and enjoyed themselves.

Then, they saw the Dragon Dance and they were amused by the grand Dragon. The students loved it. After all, performances are the main part of the Lunar New Year Celebration. After the performance, the performers brought the Dragon down the stage. The students then touched the Dragon gently.

After the celebration, we all went back to our classrooms, still smiling and talking about what we saw. But there was one more surprise – the Lions made a special visit to the Primary 6 classrooms!

They came to wish the P6s good luck for their upcoming PSLE. It was so cool to see the Lions up close again. The P6s looked really happy and excited. Some even said it made them feel more confident. I think it's a moment they won't forget. It wasn't just about fun – it was about cheering each other on as one big school family!

# P3 CCA EXPERIENCE

At Cantonment Primary School, learning is not only in the classroom, and nothing captures this spirit better than the annual Primary 3 CCA Experience. This much-anticipated event invites Primary 3 students to explore the wide range of Co-Curricular Activities (CCAs) offered at the school, allowing them to discover their interests and talents.

From the moment students stepped out of their classrooms, excitement buzzed in the air. Eagerly waiting for this opportunity since Primary 1, the school could be admired with vibrant displays, music, and activities, each CCA giving its best to showcase what makes it unique and meaningful.

---

## Science Club: Curious Minds at Work

In the Science Lab, where the Science Club was located, students were treated to simple but fascinating experiments, such as creating mini volcanoes and exploring solar-powered gadgets. The club impressed with its focus on inquiry, innovation, and environmental care, encouraging students to think like young scientists.

### Creative Art And Design Club: A Splash of Creativity

The Arts Club welcomed students with a colourful booth filled with student artworks and mini projects. Primary 3s had the chance to try out watercolour blending and clay modelling. The club's emphasis on creativity, self-expression, and learning different art techniques made it a hit among the aspiring young artists.

---

### International Dance Club: Grace in Motion

At the Band Room, again, the location of the Dance Club, students were captivated by the elegant and graceful movements and colourful costumes on display. Members of the CCA performed a short piece, showcasing discipline and teamwork through dance. Many students were eager to try out a few moves themselves!

---

## **Infocomm and Robotics Club : The Tech Explorers**

**With tablets, robots, and coding activities at the ready, the Infocomm and Robotics Club was well known as a hub of modern learning. Students were introduced to basic coding concepts and had fun controlling simple robots. The club's mission to nurture digital literacy and creativity resonated with tech-savvy students.**

---

## **Scouts: Building Character Through Adventure**

**The Scouts CCA offered a taste of adventure with knot-tying challenges, a mini obstacle course, and first aid demos. Students learned that scouting is about more than outdoor fun—it's also about leadership, resilience, and community service.**

## Guitar Ensemble: Music Fills Your Ears

The Guitar Ensemble welcomed students with the peaceful strums of acoustic melodies, instantly drawing music-lovers. Primary 3 students were introduced to the basics of handling and playing the guitar, with some even trying a few simple chords under the guidance of senior members. The ensemble emphasizes musical discipline, teamwork, and the joy of performing as a group, making it a perfect choice for students who enjoy music and want to build their skills in a supportive, harmonious environment.

---

## Football and Basketball: Game On!

The excitement was high at the sports CCAs. Students joined in mini drills and friendly games, guided by upper primary students and PE teachers. The sports CCAs highlighted the importance of discipline, perseverance, and healthy living—all while having fun and working as a team.

## **Choir: A Harmony Of Voices**

The school choir showcased their talents with some short songs. Primary 3s were invited to join in a simple warm-up, experiencing the joy of singing in harmony. Choir members shared how the CCA helped build their confidence and stage presence.

---

## **Wushu: The Swift-Footed Disciples**

The Wushu CCA thrilled students with an energetic display of martial arts forms, blending strength, agility, and precision. Primary 3 students were amazed by the graceful, yet powerful movements demonstrated by senior members, and many eagerly tried out basic stances and punches. More than just a sport, Wushu cultivates discipline, focus, and respect—core values that students carry beyond training sessions. It's the perfect CCA for those who enjoy dynamic movement and wish to build both physical and mental strength.

---

## **Badminton and Volleyball: Love At first Spike And Smash**

At the Badminton and Volleyball CCA, the atmosphere was lively as students picked up rackets and volleyballs to try their hand at these fast-paced, exciting sports. Friendly rallies and guided drills gave Primary 3 students a taste of the quick reflexes and coordination both games require. Coaches and senior players emphasized the importance of teamwork, perseverance, and sportsmanship. Whether it's the thrill of a

powerful smash or the joy of a well-timed serve, this CCA offers students a great way to stay active while building strong bonds with teammates.

---

## A Day To Remember

As the day came to a close, Primary 3 students returned to class filled with excitement and inspiration. The CCA Experience had opened their eyes to a world of possibilities. Whether they found joy in the arts, passion in performance, or thrill in sports and exploration, each student walked away with a better understanding of what they might pursue in the coming years.

At Cantonment Primary School, the Primary 3 CCA Experience is more than just an event—it's the first step on a journey of discovery, growth, and lifelong learning.

# AFRICAN DRUM PERFORMANCE

In late March, we were treated to an electrifying and dynamic drumming performance by Drum Prodigy Singapore, an inclusive music school that believes in the power of rhythm to bring people of all abilities together. With their pulsating beats and infectious energy, the talented team of eight—including artists with special needs—delivered a high-energy drumming ensemble that had the entire school moving to the rhythm!

The vibrant performance showcased how music goes beyond boundaries, proving that rhythm truly unites us all. They filled the air with beats of their African drums. They taught us the names and sounds of their different drums. Soon, they called up some of our younger students to play the different drums with them. It was very fun for them.

A humongous THANK YOU to Drum Prodigy Singapore for an unforgettable musical experience! Your inspiring performance not only filled our school with energy but also reminded us of the power of inclusivity and the universal language of music.

# HARI RAYA PUASA CELEBRATIONS

Celebrated by Muslims, Hari Raya, also known as Eid al-Fitr, is a religious celebration celebrated all around the world. It also marks the end of the holy month of Ramadan. It is a time of joy, forgiveness, and togetherness, where families and friends gather to celebrate with delicious meals, traditional clothing, and much more.

Muslims begin the day with special prayers at the mosque, then they visit the graves of their loved ones and the homes of their relatives and neighbours to seek forgiveness and strengthen their relationships. Mouth-watering dishes such as Ketupat, rendang, and various traditional sweets are shared, showing the spirit of generosity and gratitude.

Hari Raya is not only a religious occasion, but also an adored cultural celebration that brings communities closer. This auspicious event was celebrated on the 27th of April 2025 in Cantonment Primary School .

Firstly, we started off with some fun classroom activities. "It was very fun to see other's work," replied Damien Sum Zhi Hong from P5 Harmony. Most of the students were glad to do the classroom activity, especially the lower primary students.

Next the students proceeded to the hall for their favourite part of the celebration, the performances. With a thundering applause, the performances started. The emcees walked onto the stage and started off

the celebration. With a brief introduction, the emcees then invited Cantonment Primary School's principal, Ms. Foo, for an opening speech.

Along with the excitement of what would happen next, the real surprise came ...

**SRI WARISAN**, a well-known group that shares about Malay culture, came to our school to give us a closer look at some of its special traditions. They showed us instruments, dances, and stories that many of us had never seen before. It was fun, interesting, and a great way to learn something new together.

After the introduction to many musical instruments, they taught the Cantonment Primary students a simple Malay traditional dance. Although the students had some difficulty with the dance, they tried their best and in result, had managed to complete the dance successfully!

Soon, the celebration was over and reluctantly, the students, class by class, started leaving the school. Many students, especially those in lower primary, shared that they loved the celebration. Thank you, teachers and students, for this unmistakably wonderful celebration.

# **PRIMARY 5: OUTDOOR ADVENTURE**

## **LEARNING CAMP**

In early April, the Primary Five students off Cantonment Primary School, along with friends from Hong Wen School, set off on a thrilling 3-day, 2-night adventure at the MOE Dairy Farm Outdoor Adventure Learning Centre. For many, it was their very first time away from home, and what an unforgettable experience it turned out to be!

The camp, called Camp Harmony, ran in two groups: Camp One from 3 to 5 April, and Camp Two from 7 to 9 April. Its goal was simple but powerful: to help students build friendships, learn to work as a team, and grow stronger together—no matter their background or school.

During the camp, students took on activities that challenged them physically and mentally. From hiking in the rain to tackling high elements like rock climbing, abseiling, and the flying fox, there were plenty of chances to face fears and build confidence. While not everyone completed every activity, most pushed themselves and cheered on their friends, showing great

**resilience and courage.**

**Team-building games also brought out their creativity and cooperation.** In one game, they had to guide a classmate across a mat and through a tire without touching it—a task that required clear communication and lots of encouragement. Another challenge involved helping each other climb a short wall, highlighting their amazing teamwork.

One of the most memorable moments came in the evening around the campfire. Students sang, laughed, and reflected on everything they had experienced together. Even though not everyone could join the campfire, its warm spirit was felt by all.

This camp wouldn't have been the same without the incredible teachers and camp facilitators, who guided and supported the students every step of the way. Their care made the experience safe, inclusive and truly meaningful.

In the end, Camp Harmony was more than just an outdoor adventure—it was a chance to discover new strengths, make new friends, and learn lessons that will stay with them for a lifetime.

## CODE FOR FUN (P5)

As technology advances day by day, coding becomes more and more important. Coding is now not just a skill, it's a superpower. With the school giving students the opportunity to attend Code For Fun, we can now unlock our full potential, unleash our creativity and get ready to explore the mesmerizing realm of coding.

Coding is not just about programming computers, but also about computational thinking such as decomposition, pattern recognition abstraction and algorithm, creativity and problem-solving. Love playing video games? Highly recommended for you to learn coding!

Offered by IMDA and the ministry of education, Code For Fun enrichment program allows students to have hands-on experience of using robotic kits and microcontrollers. From creating simple animations on our spyro bolts to challenging algorithms such as coding our spyro bolts to move in shapes, each lesson is designed to be appealing and interesting.

Through these activities, students develop more logical thinking and also learn how to break down a big problem into smaller parts so that the problem can be solved more easily. We also get the chance to learn more about the emerging artificial intelligence. Get ready to embark on a

journey you will never forget with Code For Fun. You will not want to miss this special event as it was extremely fun for all the P5 students, and they all definitely wanted to learn more.

# **INTERNATIONAL FRIENDSHIP DAY (IFD)**

International Friendship Day 2025 at CPS was a vibrant celebration of culture, connection, and partnership! The theme this year was 'Singapore: Forging Friendships in a Complex World'. Through the school-wide programme and CCE (FTGP) lessons, our students learnt to appreciate different cultures in contributing to a cohesive and globally connected society. It was also an opportunity for students to demonstrate the values of kindness, respect and openness to others.

A heartfelt thank you to our amazing Parent Support Group (PSG) and Parent Volunteers (PV), whose energy and support made the day extra special. From their participation in the parade that showcased 16 different nationalities, to engaging our students in meaningful conversations at booths showing the diverse cultures of each country – it was a beautiful reminder that friendship knows no borders.

As we wrapped up the day, one thing was clear: in a complex world, Singapore's relevance and good global friendships matter. Let's continue to grow in respect, show appreciation, and strengthen our sense of connectedness – because together, we make the world brighter.

# EARTH DAY

On April 22, the Cantonment Primary community came together to mark Earth Day with the theme “*Small Steps, Big Impact.*” The event reminded everyone that small actions—when done together—can create a powerful change for our planet.

The day began with a special Earth Day assembly in the school hall. Students listened attentively as a Science teacher explained how everyday choices like switching off lights, using reusable containers, and taking public transport help reduce our carbon footprint. Everyone was encouraged to make “carbon conscious choices” and think about how their actions affect the environment.

Next came a lively and meaningful skit by our Eco-Champions. It told the story of a student who slowly adopted greener habits—and inspired others to do the same. With humour and heart, the performance showed how one person can spark a wave of change.

To end the assembly, our Principal, Ms Grace Foo, gave a heartfelt message.

**“Today’s activities have shown us that change does not always require grand gestures. Even small steps—like bringing your own water bottle or turning off unused appliances—can create a big impact when we act together.”**

**The day was filled with learning, action, and inspiration. Earth Day 2025 was a powerful reminder: every step counts. One student. One action. A greener tomorrow.**

## **NATIONAL SCHOOL GAMES (NSG)**

This year at the National School Games, our school gave it our best shot, and guess what—we did very well! Every sport had its ups and downs, but we kept going and didn't throw in the towel.

Our badminton team was really fast and smart on court. They practiced like clockwork and hit shuttles like lightning! In the end, they landed 4th place in their pool—hard work really paid off.

The basketball boys dribbled like pros and shot with heart. Even when they lost some matches, they didn't let it get them down. They got 3rd in their group, which is no small feat. And the basketball girls? They were on fire! They trained hard, trusted each other, and won 1st place like a dream come true.

Over on the field, the football boys ran like the wind and scored a whopping 9–2 in one match! They cheered each other on and never gave up. That teamwork got them 3rd in their group.

The volleyball teams (boys and girls) played with smiles and strong spirit. They helped each other and never lost hope, and that teamwork helped them get 2nd place.

Our hockey boys were tough cookies! They trained hard, stayed united, and earned 3rd place in League 2. They showed everyone what sportsmanship really means.

And last but not least, our Wushu athletes moved like flowing water and struck like thunder! They placed in different levels, and their focus and discipline were inspiring.

All in all, our Cantonment players showed that when you put your heart into something, the sky's the limit. We may not have won every match, but we gave it our all, and that's what makes us winners.

# WORLD WATER DAY

Every year on March 22, World Water Day reminds us how precious water is—and how we must work together to protect it. While we use water daily, millions of people still lack access to clean water. This day encourages us to use water wisely and think about our role in preserving it for the future.

At Cantonment Primary School, we marked the day with fun and meaningful activities.

Students took part in a quiz to test their knowledge about water. Those with the most correct answers won small prizes and big smiles!

A lively skit followed, performed by our very own students. Through humour and storytelling, the performance highlighted the importance of saving water and simple ways to make a difference.

Our Eco-Champions presented a review of the school's water usage over the past two years. The data showed how small changes could lead to big savings. Students then made a conscious effort to save water throughout

the day—by turning off taps quickly, reporting leaks, and using water mindfully.

World Water Day 2025 at Cantonment Primary was a chance to learn, reflect, and take action.

We believe every drop—and every action—counts. Together, we can protect our water for a better tomorrow.

# ENGLISH WEEK

English Week took place from May 6th to May 9th. To kick off the excitement-packed week, our English teachers announced the main highlight—Character Day! On Character Day, both students and teachers came to school dressed as their favourite characters from movies, storybooks, or even comics.

This exciting day was held on 9th May and was met with great anticipation from both students and staff. To kickstart the fun-filled celebrations, our teachers made a grand entrance on stage, dressed as Glinda and Elphaba from the movie Wicked. Their dramatic costumes immediately set the tone for a magical and memorable day ahead.

During recess, students eagerly gathered at the Photo Booth, where they had the chance to pose and have their pictures taken in their creative and colorful costumes. Laughter and excitement filled the air as friends struck poses together, proudly showing off their outfits. It was a delight to see such a wide variety of characters brought to life, from superheroes to fairytale icons. The most popular costume by far was Harry Potter—many students proudly donned Hogwarts robes, round glasses, and wands, bringing the beloved wizarding world to our school for the day.

# **INVESTITURE**

**Do you wonder what Investiture is? Bustling with excitement, Investiture is a day when students are given different titles, giving them a sense of what leadership is. Such roles are: Peer Support Leaders (PSLs), Prefects, and CCA Leaders.**

You might be wondering what these roles are. Well, let's start with the PSLs. They are encouraging students who help others who are down in the dumps. They not only help those who are blue, but also make friends with their peers. Cantonment Primary School won't hold its name without our PSLs.

Coming up are the Prefects. They are kind, well-behaved, and influence students to show good values. They are also disciplined students who not only carry out their duties properly, but also help teachers, non-teaching staff and other students.

Ending off the ceremony, we have the CCA leaders. Leading their CCAs with pride, our CCA leaders help regulate and discipline students in their CCAs. These roles help our school hold a firm hand.

When our students walked down the aisle, they not only knew the meaning of being appointed, but also why the teachers chose them. They were the ones who could help the school succeed in their own ways.

As Investiture reached the end of the road, ties and badges were put on with faces plastered with a radiant smile and a sense of dignity.
