### New MOH guidelines on screen use for children under 12

#### BELow 18 months

- No screen use unless for interactive video chatting
- Do not leave screens on in the background when child is engaged in other activities

#### 18 months to 6 years

- Limit screen use to less than an hour a day outside school
- Passive screen use not recommended
- View media together with children where possible
- Do not use screens to occupy or distract child
- Carefully choose age-appropriate educational content
- Do not leave screens on in the background
- No screens during meals and 1 hour before bedtime

#### 7 to 12 years

- Limit screen use to less than 2 hours a day, unless related to schoolwork
- Develop a screen use plan or timetable
- Have regular conversations with children to find out their online activities
- Do not give children mobile devices with unrestricted access
- Use parental control settings to ensure children access age-appropriate content and apps
- Do not give children access to social media services
- No screens during meals and 1 hour before bedtime

A group of approximately ten school children, mostly of East Asian descent, are standing in a classroom or hallway. They are all wearing white polo shirts with dark blue collars and dark blue skirts or trousers. Many of them have backpacks on. Two girls in the foreground are smiling broadly and waving their right hands towards the camera. The background shows other children and a wall decorated with colorful murals of buildings and stars.

A photograph of two young boys in white school uniforms with dark collars and ties. They are sitting at a desk, looking down at a worksheet they are working on together. The boy on the left is smiling broadly, showing his teeth. The boy on the right has blue-rimmed glasses and is looking intently at the paper. They are using pencils and a ruler. In the background, there are shelves filled with books and classroom supplies.

# Transition into Upper Primary

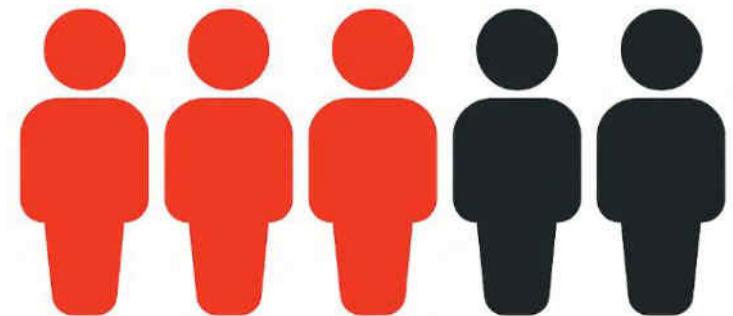

# Transition into Upper Primary

- Higher academic expectations
- Broader and more demanding curriculum
- Increased workload and independence
- Preparation for upper primary assessments

# Transition into Upper Primary

About **3 in 5** of our Primary 5 & 6 students indicated the following in the Termly Check-in Survey:

***“I feel stressed about my studies because my parents will be disappointed if I don’t do well.”***

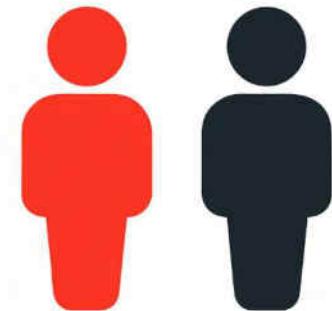

**3 in 5** worry about disappointing their parents

# Transition into Upper Primary

**1 in 2** of our Primary 5 & 6 students indicated the following in the Termly Check-in Survey:

***“I feel stressed about my studies because I expect myself to do very well.”***

**1 in 2** have high self-expectations for their academic results

# Your child may be experiencing:

- **Fatigue** from balancing a more demanding upper primary curriculum with heavier CCA and other commitments
- **Stress and anxiety** from the preparation needed for Weighted Assessments (WA), the End-of-Year Examination (EYE), and the upcoming PSLE
- **Worry** about failing or not meeting expectations set by themselves or by others (e.g. peers, parents, teachers)
- **Disappointment** when results fall short of hopes as well as the time and effort invested

# Tips to support your child

- Assessments are important ways to **understand gaps in learning** and to use feedback from these assessments to improve.
- Assessments **do not define a child's worth** or future.
- **Recognise and affirm** your child's effort rather than just the outcomes.
- Support your child in viewing **setbacks as learning opportunities**, while **acknowledging feelings** of frustration or sadness as part of the process

# Tips to support your child

- **Manage your own expectations and stress.** Reassure your child that they are loved regardless of academic performance.
- Guide your child in drawing up a **balanced schedule** with time for revision, homework, play, exercise, and rest.
- **Agree on realistic and specific goals** so that revision is manageable and is something a child feels he has control over.
- Find out exactly what your child is struggling with so you can **get the right help**.

# Tips to support your child

## Physical changes impact emotions

- Anxiety and confusion about physical changes
- Mood fluctuations and increased sensitivity
- Increased self-esteem challenges

## Be a safe harbour during these stormy years

- Create safe spaces for conversations
- Keep communication channels open
- Validate their feelings
- Be patient and understanding

# AI & EdTech in School

# AI & EdTech in School: Safe, Purposeful Use for Young Learners

1. AI use for teaching and learning must be **age- and developmentally-appropriate.**
  - **Pri 4 to 6 students** will use AI tools occasionally with teacher supervision in class to support their learning.
2. Under MOE's National Digital Literacy Programme (NDLP), students will develop **9 digital competencies** under the **Find, Think, Apply, Create (FTAC) Frame.**  
(Scan QR code on the right)

To access information on  
MOE's NDLP

# AI & EdTech in School: Safe, Purposeful Use for Young Learners

## Did you know?

Most social media platforms and popular games have **App Store age-ratings**:

- **12+** : WhatsApp, Instagram, Roblox
- **17+** : Telegram and Discord

But the **majority of our children** have access to social media **before** the recommended ages.

Research shows that **screen use (smartphone and social media access) in young children** is associated with: insufficient good quality sleep, sedentary behaviours, obesity, and mental health and well-being .

## What does this mean?

We need to ensure our children's use of devices and platforms are **age-appropriate**, and have **open conversations** with them about their digital habits.

# School Programmes and Initiatives

## Be a positive peer influence online and manage digital footprints

- Speak up and stand for what is right regardless of peer pressure
- Seeking help from trusted adults/sources when needed
- Awareness of permanence of online data and review privacy settings

## Importance of cybersecurity

- Protect oneself from phishing, spam, scams and hacking

## How to verify online falsehoods

- Use S.U.R.E.\* to verify information online

## Staying Safe from Pornography

- Understand the impact of pornography on themselves and others
- Reject pornographic content using the ‘Stop-Think-Do’ strategy.

Encourage our children to share their experiences as they navigate friendships.

A group of young school children, mostly girls, are standing in a hallway. They are wearing white polo shirts with a small logo on the chest and dark skirts or trousers. Many of them have backpacks and are smiling or waving their hands. The background shows other students and some colorful wall decorations.

# School Attire & Expectations

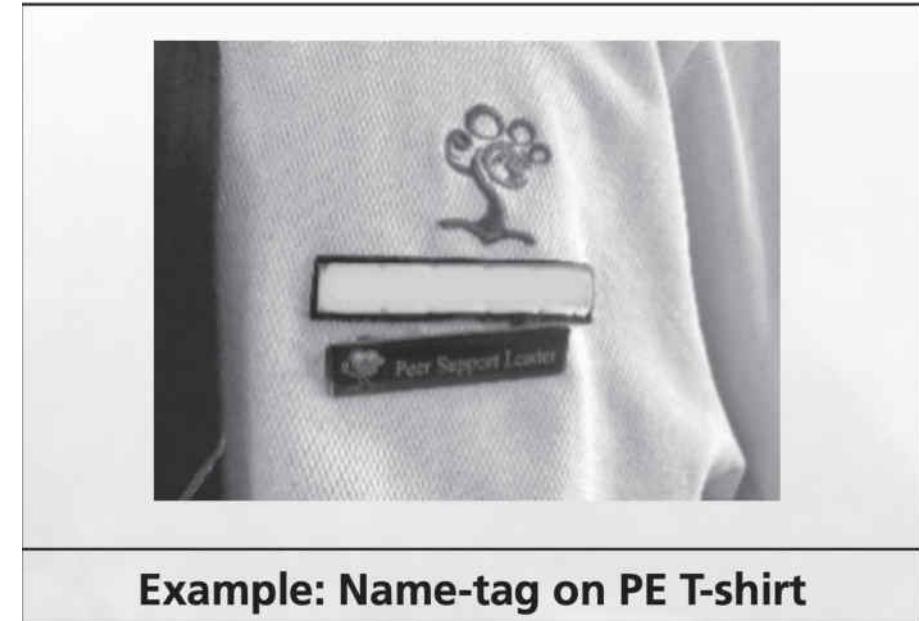

# School Attire & Expectations

## 1. Name tags:

- Pls ensure your child has name tags on their uniforms.

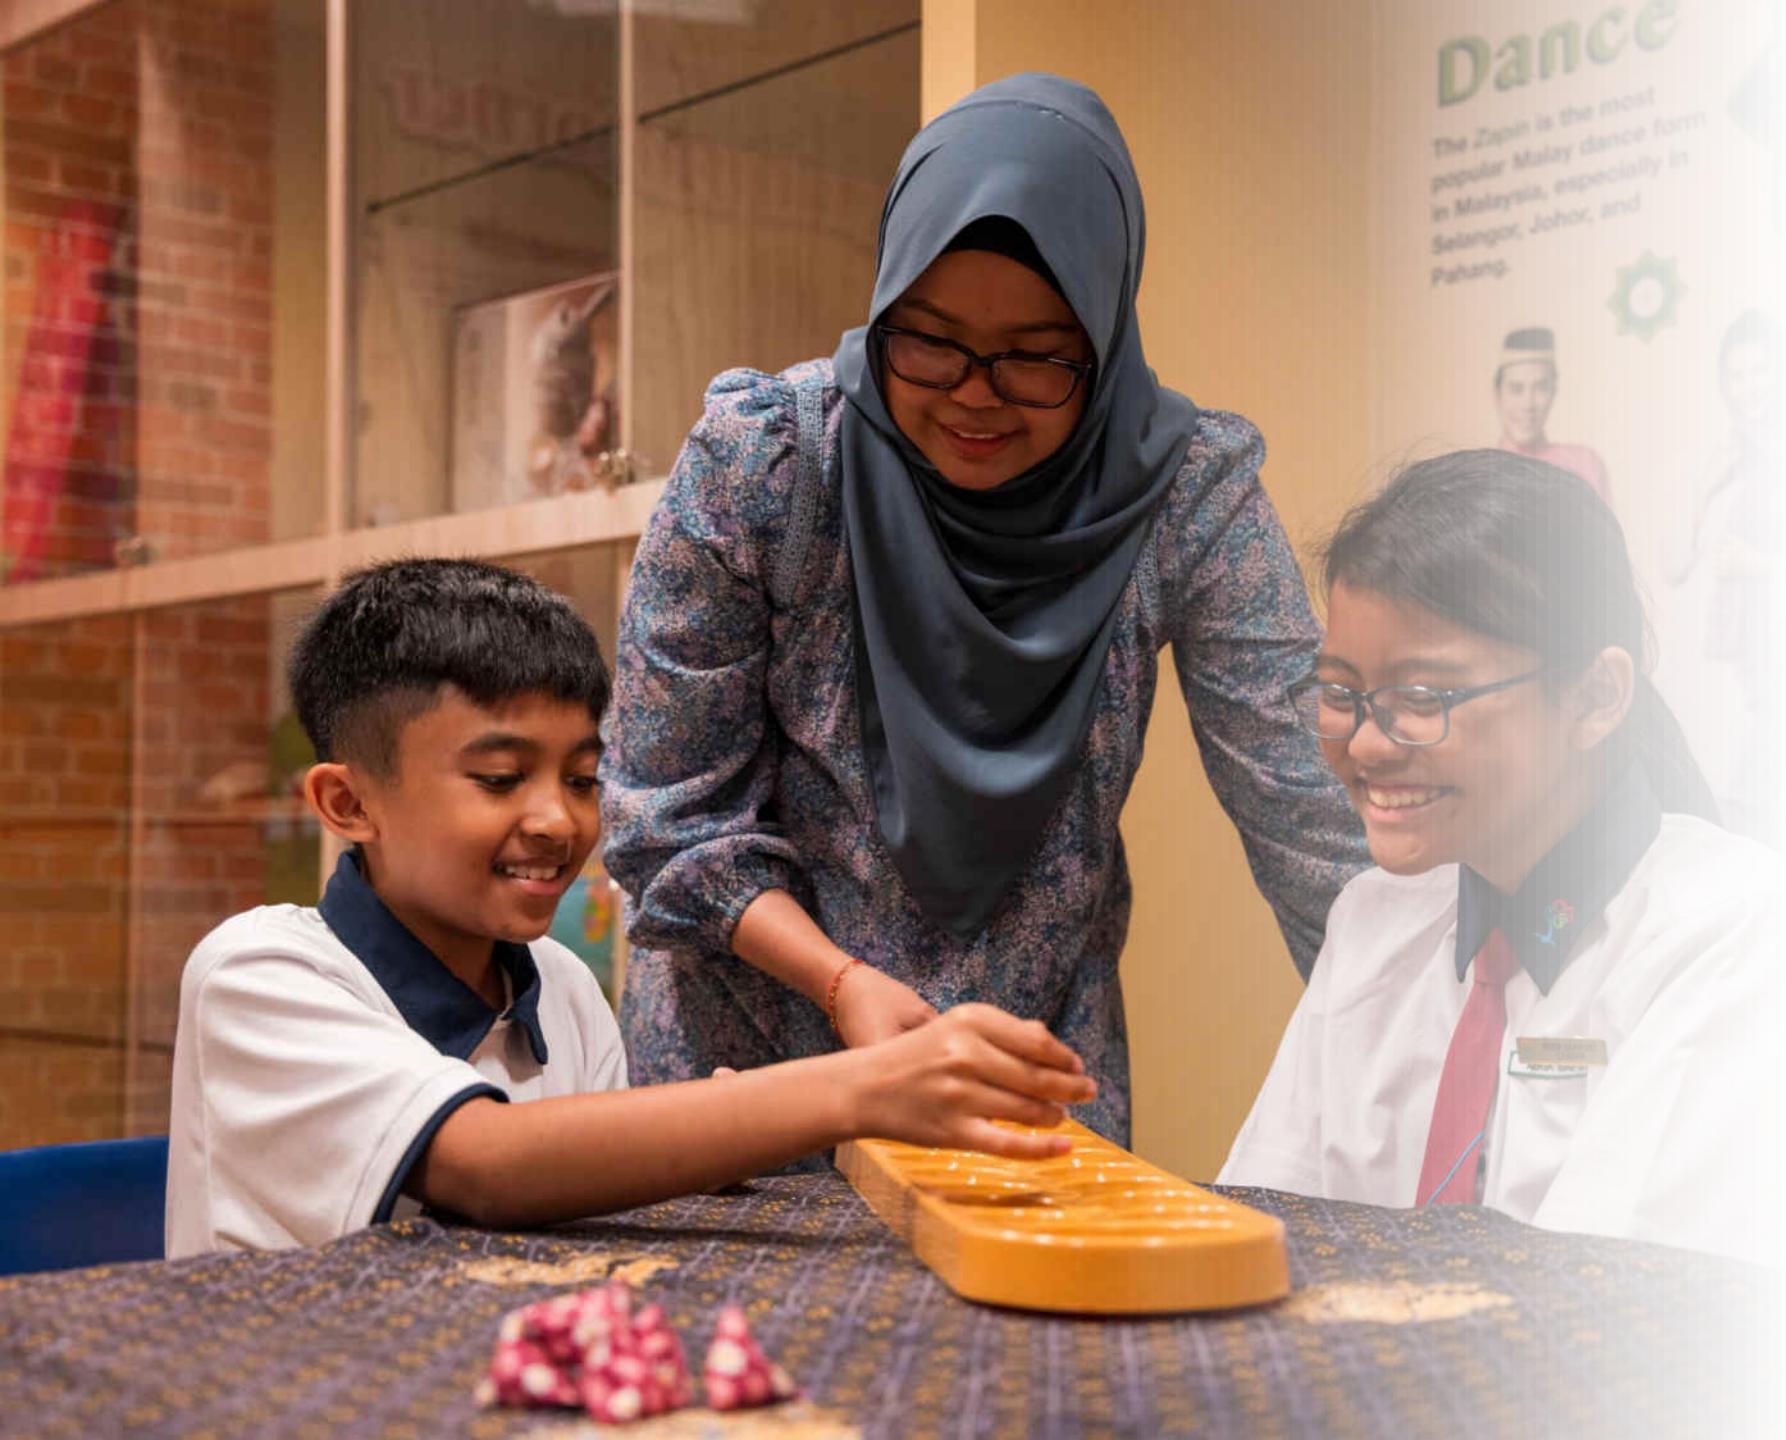

## 2. Donning of accessories (of any form):

- Students should not wear accessories (e.g. bracelets, ring, necklace, chains, brooches, wristbands, amulets) with the school uniform.

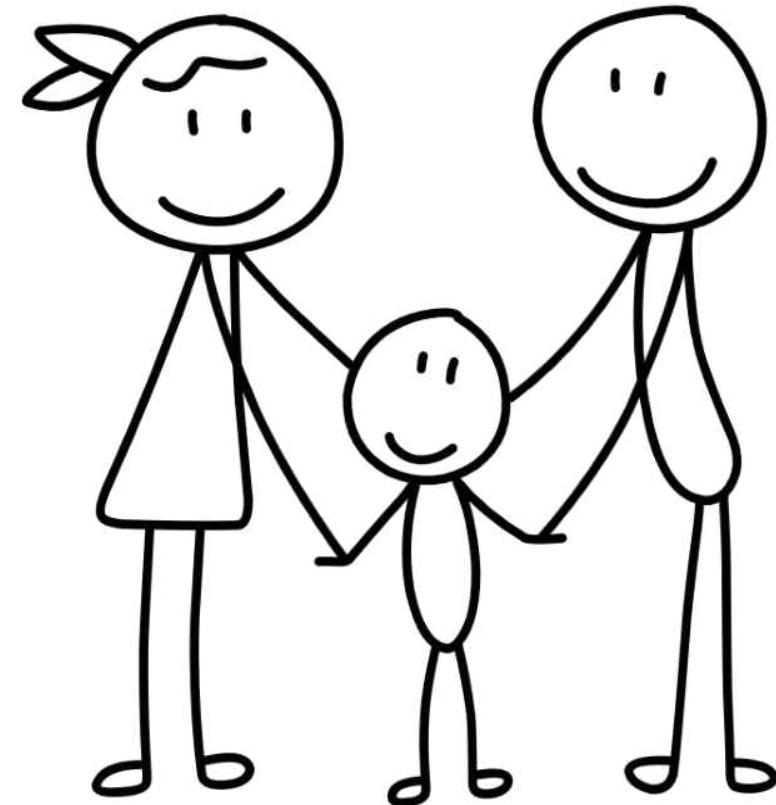

Example: Name-tag on PE T-shirt

# Family Support

# Importance of Family Support

The Termly Check-In Surveys show that families are a **predominant source of support** when Primary School students are feeling stressed or anxious — demonstrating the **vital role parents play in their children's mental well-being.**

**Parents** are a predominant source of support for their child.

# Real Connections

*Building strong bonds and genuine connections helps nurture a sense of belonging and emotional safety, supporting mental well-being of your child*

Build strong bonds through shared experiences and meaningful conversations

Teach children to recognise and communicate their emotions effectively

Establish routines that support mental wellness (outdoor time, sufficient sleep, family time, limit screen time, etc)

# Together We Support!

## Parents play a key role as role models

Parents are invaluable partners and role models in supporting their children's learning and behaviour.

1. Parents **role model healthy use** of devices and social media and **good online behaviour**

- how to explore digital frontiers and stay safe online
- what respectful online communication looks like

2. Role modelling respectful conversations.

3. To support our children to be happy, confident and kind, it's important to work with the teachers and school. Respectful communication forms the basis of this relationship between schools and parents.
