Our Beliefs

We believe that learning flourishes:

- In caring and safe learning environments.
- When children develop their 21st century competencies through constructive learning experiences.
- By harnessing technology effectively, and tapping experts and resources in the wider community.
- When assessment is used to address children's learning gaps.

School Rules, Expectations and Routines

- Primary 2 students may come to school in PE attire on all days.
- From P3 onwards, formal school uniform must be worn to school daily. No modification is allowed.

School Expectations

Homework Policy

What is homework?

- Any learning activity that students are required to complete outside of curriculum time.
- There is a difference between class work that a student did not complete in class and work that is assigned as ‘homework’
- Level Estimated Time Required :
P1 and 2 0.5 to 1 hour daily

No homework will be assigned on festive public holiday (e.g. Lunar New Year, Hari Raya Puasa, Vesak & Deepavali) and on Tuesdays (CCA Day) to be submitted on Wednesdays. This is to give students ample time to complete their homework, and in so, cultivate a healthy disposition towards learning.

Please refer to the Student Handbook (pages 13) for more details.

School Expectations

- Parents should refrain from bringing water bottles/ books for their children when they have forgotten to do so.
- Students are not to use smartphones and/or smartwatches[^], toys, electronic gadgets, or other communicative devices during school hours. These devices must be switched off and kept inside the school bag before entering the school.

Please refer to the Student Handbook (pages 19-20) for more details.

School Expectations

- **Birthdays**

While birthdays are important days to remember, holding birthday parties in the school is not allowed.

Primary 2 Curriculum

Learner Engagement

- At the Lower Primary levels, we would like to focus on the process of learning in our students.
- This is to reduce academic stress and provide your child the opportunities to really focus on the joy of learning.

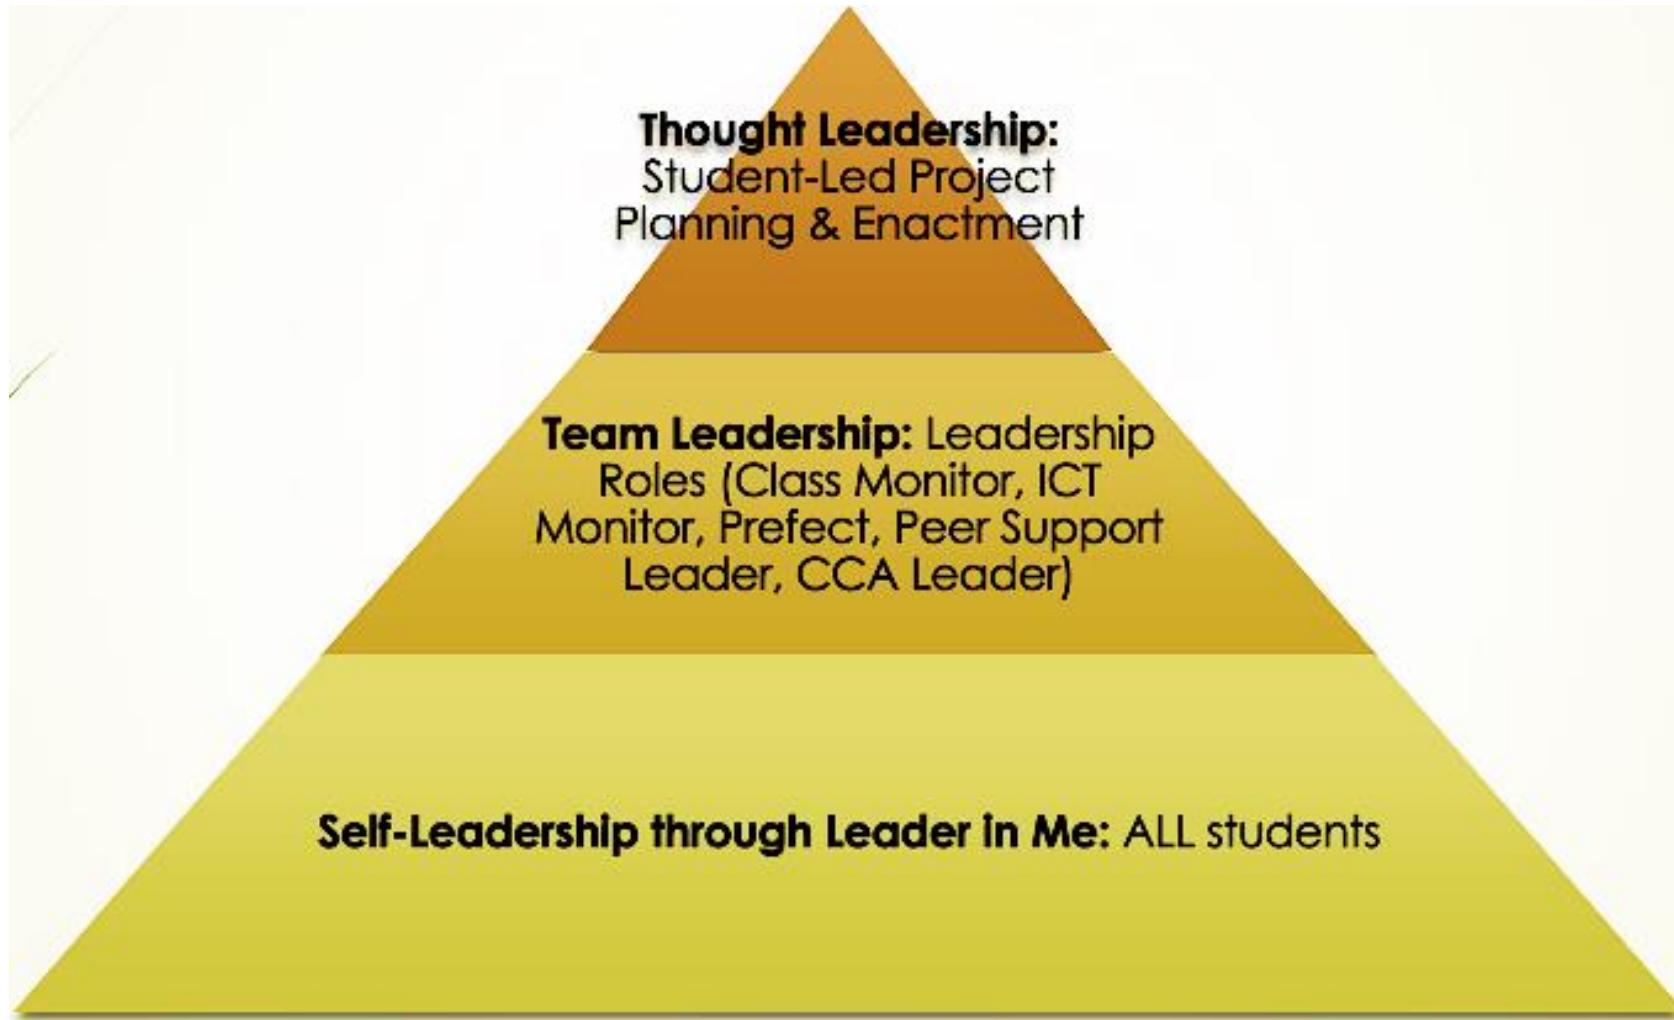

Assessment for Learning

- **No Weighted Assessments for P1 and P2.**
- Teachers will create opportunities to understand and improve students' learning.
- There will be non-weighted assessments to provide ongoing feedback to students to improve their learning.

Report of Learning Progress

- Holistic Development Portfolio (*Portfolio*)
- Holistic Development Profile (*Reflected in Report Book's Result Slip*)
- These will be given out during our Parent-Child-Teacher Conference (PCTC) during Mid-Year.
- There is no Year-End PCTC.

Student Leadership Structure

A photograph of two young boys in white polo shirts with dark blue collars and matching school logos. They are sitting at a desk, looking down at a worksheet they are working on together. The boy on the left is smiling broadly, showing his teeth. The boy on the right has blue-rimmed glasses and is looking intently at the paper. They appear to be in a classroom setting with bookshelves in the background.

Home-School Partnership

3 areas we can work together on to foster School-Home Partnership

1 Respectful Communication

Our children do best when schools and parents work hand in hand to support them.

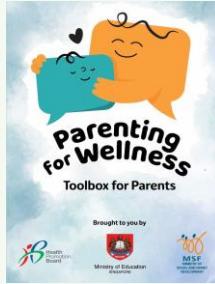

2 Role Models

3 Real Connections

How can you support your child?

LOOK out for these signs which indicate your child may need help to cope:

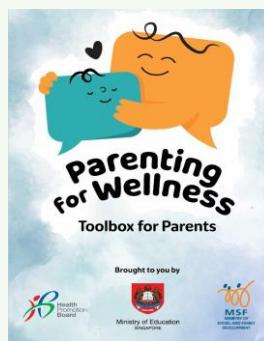

Scan the QR Code to read more about stress vs distress in the Parenting for Wellness toolbox. The full toolbox is available at the end of the presentation.

ARE YOU FEELING TOO MUCH STRESS?

We can **LOOK** out for:

- L**oss of interest in hobbies
- O**verly tired, sad, worried or upset
- O**ften posting moody messages or talking about hurting yourself
- K**eeping away from people you are usually close to, or being quieter than usual

If you observe that your child may be struggling or showing signs of needing more support, you may use **C.H.E.E.R** to guide your conversations and support your child.

Developing Good Digital Habits

How can you help your child develop good digital habits?

As parents/guardians, you play a significant role in helping your child establish healthy digital habits, and learn to use technology in a positive and meaningful way.

Role model healthy use of devices and social media and good online behaviour for your child/ward

- E.g. parents/guardians not using devices during mealtimes, respectful online communication

Role modelling respectful conversations –

- Parents are in the best position to role model these skills through daily interactions with your child.
- **Listen to understand**, instead of listening to give advice and offer solutions.

Online Communication with other Students

- Students may be required to interact with other students online as part of learning activities on the Student Learning Space or other learning apps.
- Students are expected to demonstrate the school values in their interactions with others on cyberspace.
- If other students make your child feel uncomfortable, your child should stop the engagement and inform his/her teacher or you.
- Students are not required to use communication apps (e.g., WhatsApp, Telegram, Discord). Many of these apps are meant for older users, usually above 13 or 16 years old. In most cases, the school will not manage disputes or incidents between students resulting from the use of these communication apps.

Please refer to the Student Handbook for more details.
